

# Multiplication Tables check (MTC)

Parents meeting @ Holy Cross Catholic Primary School

The image shows a colorful multiplication table chart titled "TIMES TABLES". The chart is divided into 12 columns, each representing a multiplier from 3x to 12x. Each column contains a list of multiplication problems and their solutions. The columns are color-coded: 3x (red), 4x (orange), 5x (yellow), 6x (green), 7x (blue), 8x (purple), 9x (pink), 10x (light blue), 11x (light green), and 12x (light purple). The problems range from 1x to 12x for each multiplier.

# What is the Multiplication tables check (MTC)?

## Why has it been introduced?

- An online assessment of 25 questions of times table question up to 12 x 12
- The purpose of the check is to determine whether your child can fluently recall their times tables up to 12, which is essential for future success in mathematics. It will also help us as a school to identify if your child may need additional support.

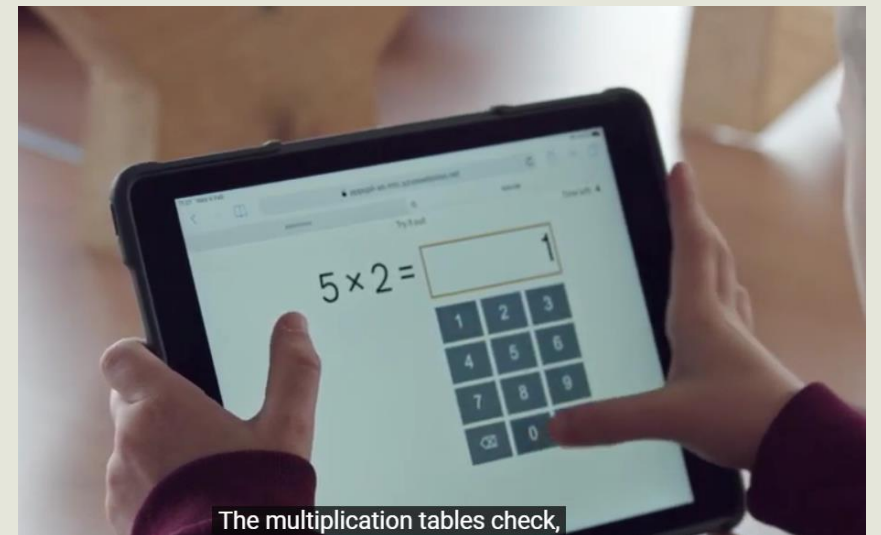

National curriculum states that...

***By the end of year 4, pupils should have memorised their multiplication tables up to and including the 12 multiplication table and show precision and fluency in their work'***

# What will the MTC look like

- The online assessment will have 25 questions for your child to answer.
- Children will have 6 seconds to answer each question. After the 6 seconds the question will move on.

The multiplication tables check,

## When will children need to take the MTC?

- Schools must administer the official check between **Monday 6 June and Friday 24 June.**
- Schools are strongly encouraged to administer the check within the first 2 weeks.
- This leaves the final week for pupils who were absent during the first 2 weeks or in case of any delays to administration due to technical difficulties.

# Accessing the assessment

The majority of pupils will access the test by typing a generated pin code that the school will give each child. However, there may be occasions when arrangements can be made for children to access the test.

Access arrangements can be made for children who:

- Have an Education, Health and Care (EHC) plan
- Have a One Page Profile (OPP)
- Have English as an additional language and have limited fluency in English.
- Have difficulties with eye sight

If your child falls under these areas then you will be notified by the school.

# What do we do in school to support your children?

- Regular times table practice
- Once a week practicing the test in test conditions
- Interventions for identified groups/ individuals
- TT Rock stars opportunities

## How can you help at home?

- Times table practice at home.
- Practice the test at home for quick recall.
- TT rockstars
